-----

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

With a volumetric energy density of 146Wh/L, its modular architecture enables scalability for GWh-level utility-scale energy storage ...

Scalable 1MWh-10MWh containerized energy storage system for commercial & industrial use. Ideal for peak shaving, backup power, and grid support. Safe, modular, and smart EMS ready.

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ...

It efficiently absorbs low-cost electricity during off-peak hours and releases high-value energy during peak demand, helping you significantly reduce operating costs while enhancing power ...

With a volumetric energy density of 146Wh/L, its modular architecture enables scalability for GWh-level utility-scale energy storage projects. The system adopts a back-to ...

The solar container includes lighting, access control, fireprotection, and air conditioning. 20FT can hold around 1000kwh battery, inverter combiner box or PCS, 40FT can hold ...
