Discover the MEGATRON Series - 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, ...

LZY Mobile Solar Container System - The rapid-deployment solar solution with 20-200kWp foldable PV panels and 100-500kWh battery storage. Set up in under 3 hours for off-grid ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

It can operate safely, stably and reliably for a long term and achieve capacity-flexible deployment of energy storage power stations through the grid connection on the AC side.

HighJoule's 200KW Solarfold unit is built for fast deployment in emergencies, large-scale outdoor events, pop-up hospitals, or military forward operating bases. Its foldable design and high ...

Our product features an all-in-one design, ensuring seamless integration into existing solar power systems. With an AC-coupled solution, it offers versatile compatibility, enabling easy ...

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

Constructed within robust shipping container enclosures, our energy storage systems are designed to withstand the elements. Protected from harsh weather conditions, our units are ...
