We are proud to partner with one of the leading providers of factory installed solar options for shipping containers. Learn more about the product and inquire below.

Yijia Solar's 5MWh solutions excel in diverse environments, delivering tailored performance for distinct operational needs. Here's an in-depth ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

1MWh 5MWh 10Mwh ESS Container Energy Storage System uses standard battery modules, PCS modules, BMS, EMS and other systems to form standard containers to build large-scale ...

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into ...

Yijia Solar's 5MWh solutions excel in diverse environments, delivering tailored performance for distinct operational needs. Here's an in-depth look at their real-world applications, backed by ...

Our Battery Energy Storage System (BESS) can be operated under on-grid and Off-grid operation mode. The BESS system is controlled to cut off the grid connection within 10 seconds and ...

The 5MWh ESS is a turnkey energy storage solution designed for industrial and commercial applications. It combines high-capacity battery modules with a reliable PCS inverter system, all ...
