What is a battery cabinet?

A battery cabinet houses and protects the batteries that supply stored energy to a UPS system. It ensures that backup power is readily available whenever primary power is interrupted. Battery cabinets can be installed indoors or outdoors and are designed to provide secure, organized, and scalable energy storage for continuous power delivery.

What types of battery cabinets are available?

Tariff Relief. Up to 10% Protection. Battery cabinets from diverse manufacturers APC, Toshiba, CC Power, Eaton, Powerware, Mitsubishi, Narada, and Salicru. We stock new and used battery cabinets in support of our energy storage packages, ups backup systems and rental UPS. Speak to a power expert to match up with your specific requirements.

What are battery enclosures & cabinets?

Battery enclosures and cabinets are a safe way to store batteries and to protect them from the elements as well as providing a line of defense against theft.

Who makes battery cabinets?

Global Power Supply offers battery cabinets from industry-leading manufacturers such as Toshiba and Narada, available in multiple configurations to match your specific operational needs. Because every facility's power requirements are unique, we can help tailor the number of cabinets, capacity, and layout to meet your space and runtime objectives.
