How many power plants are there in Croatia?

At the end of 2022, the total available power of power plants on the territory of the Republic of Croatia was 4,946.8 MW, of which 1,534.6 MW in thermal power plants, 2,203.4 MW in hydropower plants, 986.9 MW in wind power plants and 222.0 MW in solar power plants.

What percentage of solar PV installations are in Croatia?

Solar PV capacity accounted for 11.0% of total power plant installations globally in 2021, according to GlobalData, with total recorded solar PV capacity of 894 GW. This is expected to contribute 26.1% by the end of 2030 with capacity of installations aggregating up to 3,206 GW. Of the total global solar PV capacity, 0.01% is in Croatia.

Are there nuclear power plants in Croatia?

There are no nuclear power plants in the Republic of Croatia, but in the 1980s the Republic of Croatia and the Republic of Slovenia constructed the Krsko nuclear power plant (Krsko NPP) on the Slovenian territory. Presently, both states share the nuclear liability and the ownership of the Krsko NPP.

How much solar power will Croatia have by 2030?

The Croatian government has set an ambitious target to reach 2.5 GW of installed solar capacity by 2030, a goal that would significantly contribute to the country's renewable energy mix. This target also aligns with the European Union's broader objective of increasing the share of renewables in electricity generation.

On the sun-drenched plains near Benkovac in Zadar County, a transformative project is taking shape. Croatia's largest solar power plant, SE Korlat, is set to redefine the ...

Croatia installed a total 397 MW of solar in 2024, bringing its cumulative capacity to around 872 MW, and surpassed the 1 GW milestone in May.

At the end of November 2024, Croatia had 25,406 solar power plants on the distribution grid, with a total capacity of 776 MW. The ...

Listed below are the five largest active solar PV power plants by capacity in Croatia, according to GlobalData's power plants database. GlobalData uses proprietary data and ...
