What is the largest solar project in Hungary?

The Hungarian Electricity Works (MVM) energy group constructed it, funding 65% of it and utilizing EU subsidies to cover the remainder. Like Kapuvár Solar Park, Paks Solar Park took the title of the largest solar project in Hungary during its establishment in 2019. Annually it is capable of providing electricity for roughly 8,500 homes.

Why is Hungarian solar energy so popular?

The Hungarian nation, characterized by a prevalence of sunshine and historical heritage, is witnessing a notable increase in the solar energy sector. The increasing emphasis on environmental sustainability and the establishment of ambitious national renewable energy targets are propelling this promising trend.

Which companies use solar panels?

Rena works with solar panels from different manufacturers such as Axitec, LG, JA Solar, REC, and Trinasolar. An example project is a ground-mounted solar park in Úpszállás with a capacity of 6.5 MW. The company operates in Hungary, Germany, France, Austria, and the United Kingdom. 3. Goodwill Energy Zrt. (Budapest)
