With the experience gained in Kardzhali and together with its Chinese partners CSIF is planning its next step: manufacturing vanadium batteries in Bulgaria. Two factories will ...

?ZH Energys Vanadium Flow Battery Energy Storage Project in Bulgaria Achieves Successful Operation We are thrilled to announce that the vanadium flow battery energy storage...

Recently, the vanadium flow battery energy storage demonstration project jointly deployed in Bulgaria by ZH Energy and its European partners has ...

While lithium batteries dominate the market, there are better alternative solutions. One Bulgarian company, Monek Bulgaria, has implemented energy storage for its own needs ...

Battery-grade vanadium electrolyte (1.7 mol/L, 3.5 valence) manufactured in EU under CSIF, Bulgaria. Ideal for VRFBs, energy storage, and R& D applications.

Invinity has delivered a 0.4 MWh VS3 vanadium flow battery system to a commercial customer in Sofia, Bulgaria for a solar + storage microgrid project which will provide 24/7 low-carbon ...

The leading Bulgarian manufacturer in mechanical engineering and mining industry - Monek Bulgaria AD - officially introduces a new generation of vanadium redox flow ...

Recently, the vanadium flow battery energy storage demonstration project jointly deployed in Bulgaria by ZH Energy and its European partners has been successfully put into operation.
