Discover CATL's groundbreaking TENER Stack--a 9 MWh ultra-large energy storage system set to redefine energy solutions and capacity efficiency globally.

Contemporary Amperex Technology Co. Limited (CATL) has launched the world's first 9MWh ultra-large capacity energy storage system, the TENER Stack, at the ees Europe ...

At ESS Europe 2025, Chinese battery giant CATL made headlines by unveiling the world's first 9MWh ultra-large capacity energy storage system solution, the TENER Stack.

On May 7th, 2025, CATL has unveiled the world's first mass-producible 9MWh ultra-large-capacity energy storage system solution, TENER Stack, setting a new industry ...

This isn't simply a larger container. Rather than building a single oversized unit that would trigger regulatory and logistical issues, ...

This isn't simply a larger container. Rather than building a single oversized unit that would trigger regulatory and logistical issues, CATL introduced a modular "two-in-one" ...

TENER Stack incorporates CATL's high-energy-density cells with five-year zero degradation technology, achieving a 45% improvement in volume utilisation and a 50% ...

This is the world's first mass-producible 9MWh ultra-large capacity energy storage system solution. The TENER Stack marks a breakthrough in system capacity, deployment ...
