Handover of the system took place at our site in Hombourg, with a charge simulation and a well-documented manual. This was enough for the solution to be set up in Conakry, in Guinea. ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Handover of the system took place at our site in Hombourg, with a charge simulation and a well-documented manual. This was enough for the ...

With 12+ years specializing in off-grid solar solutions, our team understands Africa's unique energy landscape. From feasibility studies to localized maintenance training, we ensure ...

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of ...

Huijue Group, a leading manufacturer of solar energy storage products and provider of energy storage system solutions. Dedicated to developing efficient and reliable storage solutions, we ...

We design, manufacture, supply and install off-grid and grid-tie solar systems for commercial, industrial and residential applications.
