---

Egypt could begin transitioning from subsidising essential commodities to providing direct cash assistance to its poorest citizens as early as the next fiscal year (July to June), Prime Minister ...

We have deployed Solar Power Container units at three of our mines and the results have been outstanding. The ease of transportation and short installation time saved us weeks of downtime.

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and versatile applications like mining, ...

Norway's Scatec has signed a 25-year PPA with Egyptian Electricity Transmission Co. (EETC) for a 1 GW solar and 100 MW/200 MWh battery storage hybrid project in Egypt. ...

The folding solar container is an efficient, flexible, and easy-to-deploy solar power generation solution. Egypt, as a leader in Africa's energy transition, is endowed with abundant solar ...

Top Quality solar battery storage. All-in-one design. Lightweight, quick and easy to install. High energy density. Supports parallel connection. Easy system expansion. Customer service in ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Norway's Scatec has signed a 25-year PPA with Egyptian Electricity Transmission Co. (EETC) for a 1 GW solar and 100 MW/200 ...
