Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

Thanks to the latest version of our container-based e-SPRINGBOX solar generator, you can deploy and start up a clean and silent solar power plant without any structural engineering or ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly ...

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Thanks to the latest version of our container-based e-SPRINGBOX solar generator, you can deploy and start up a clean and silent solar power ...

power supply to remote and far-flung areas. The containerised hybrid Solar PV solution can generate around 10,000 kWh/year. Built on a 20 feet standard marine container, this mobile ...
