How much does a circuit breaker cost in Singapore?

The overall cost of replacing a circuit breaker depends on the type of circuit breaker, the size and brand of the circuit breaker, as well as labor and installation fees. Generally, circuit breakers in Singapore can range from \$35 - \$55 in price, with additional installation costs that may range from \$50 - \$200.

Why are circuit breakers important in Singapore?

In Singapore, circuit breakers are widely used across residential developments, commercial buildings, and industrial estates. With dense infrastructure and high electrical demand, reliable circuit protection is essential for safety and compliance. Properly selected circuit breakers help maintain safe and efficient electrical systems.

Are residual current circuit breakers mandatory in Singapore?

Note: Singapore has mandated the installation of residual current circuit breakers (RCCBs) in all Housing Board (HDB) flats and private dwellings by July 1, 2025. Non-compliance may result in a fine of \$5,000.
