Frequency Converter - Three Phase - FCL Series from Sinalda UK with a variable voltage and frequency output - ratings from 3 to 400 kVA. Get a quote now.

GoHz supplies both single phase and three phase solid state (static) frequency converters, power capacity from 500 VA to 600 kVA.

Cascaded Multilevel Inverter is a 3-phase inverter designed for electric utility applications, offering precise control by employing multiple voltage levels to create a stepped ...

100 kVA solid state (static) frequency converter for converting 50 Hz to 60 Hz, 400 Hz, 3 phase input, pure sine wave single phase or three phase output, direct sale by manufacturer in low ...

Product Overview: The FC 400hz 3-Phase Series are highly compact AC/AC frequency converters. Suitable for a wide range of applications. They feature full electronic protection, ...

High quality three phase 10 kVA frequency converter (AC power supply), convert 480V/460V 60Hz to 380V/400V 50Hz by inner step-up & step-down transformer, adjustable output ...

Pure sine wave 3-phase output exactly duplicates mains power. Isolated outputs so you can connect in a "Y" configuration or left as three individual isolated outputs. Fully ...

Find your three-phase frequency inverter easily amongst the 152 products from the leading brands (Mini Motor, Beijer, NORD, ...) on DirectIndustry, ...
