Discover TLS advanced Battery Energy Storage System (BESS) containers, designed to support renewable energy integration, stabilize power grids, and reduce energy costs.

Each containerized Solarator(TM) BESS can be rapidly deployed in remote, regional, and urban environments within 30 minutes, and we offer ...

By using the BESS to store energy and manage loads, the diesel generator runs less frequently and more efficiently. This reduces fuel consumption and operational costs.

A fully integrated BESS container featuring advanced cooling systems, state-of-the-art fire fighting systems, efficient DC combiners, sophisticated Battery Management Systems (BMS), ...

Not sure which BESS container size fits your project? Discover the differences between 20ft, 40ft, and modular systems--plus expert tips to help you choose the right solution.

A fully integrated BESS container featuring advanced cooling systems, state-of-the-art fire fighting systems, efficient DC combiners, sophisticated ...

With a BESS container, businesses and communities can ensure a reliable and immediate backup power source, reducing dependency on fossil fuel-based backup ...

Each containerized Solarator(TM) BESS can be rapidly deployed in remote, regional, and urban environments within 30 minutes, and we offer redundancies to ensure an uninterrupted power ...
