Founded in Germany during 1993 LORENTZ has pioneered, innovated and excelled in the engineering and manufacturing of solar powered water pumping. We design, develop and ...

LORENTZ are 100% dedicated to building pumping systems for off grid solar applications. Our engineering team focus on the right designs, the right materials and manufacturing methods to ...

PSk2 pumps perform equally well in irrigation projects and for wide area of drinking water applications where they reliably meet the most demanding requirements, economically and ...

PSk2 pumps perform equally well in irrigation projects and for wide area of drinking water applications where they reliably meet the most demanding ...

LORENTZ solar water pumps deliver water in over 130 countries to people, livestock and crops using the power of the sun.

Solar Water Pump Manufacturers in Germany- We are leading Solar Water Pump Manufacturers in Germany, Solar Water Pump Suppliers and Exporters in Germany.

LORENTZ helical rotor (progressive cavity) pumps are designed to operate in challenging environments with no maintenance resulting in reliable performance and reduced operating ...

Germany's goal of achieving 80% renewable power by 2030 aligns with increasing use of solar water pumps for sustainable farming and reduced reliance on fossil fuels in water ...
