HyperCubeC& I II is a new-generation liquid-cooling outdoor cabinet suitable for energy storage, which features a high efficiency of up to 91%.

Our system is designed to enhance energy density and thermal performance, accelerate installation times, engineered for optimal serviceability, and ...

Discover how liquid-cooled outdoor energy cabinets enhance green energy solar systems, hybrid power stations, and energy ...

At the same time, our Outdoor liquid-cooled energy storage cabinet is distributed and cluster coordinated through modular design to solve the challenges faced by the energy storage ...

At the same time, our Outdoor liquid-cooled energy storage cabinet is distributed and cluster coordinated through modular design to solve the ...

o Flexible Deployment: Modular energy cabinet, flexible expansion, IP55 to meet a variety of outdoor application scenarios. o Ultra-long Life: High ...

o Flexible Deployment: Modular energy cabinet, flexible expansion, IP55 to meet a variety of outdoor application scenarios. o Ultra-long Life: High capacity and long battery cycle life, ...

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel ...
