Anyone watch Homestead Rescue Raney's ranch on Discovery channel? I was watching it last night and the father's house had a bit of a chimney fire that got out of hand and ...

If you are getting smoke in the house or your stove just doesn't seem to be burning like it should. Check the door seal and latch for a tight fit. Check the ash pan for shut tight and ...

Improving chimney updraft We often hear the complaint that someone has a "bad" stove or fireplace because it smokes into the house. In our experience, however, draft problems are ...

Personally, our small stone house retains enough moisture from cooking, washing and breathing that winter humidity is never an issue. The ovens keep humidity at a good level. ...

Context: 78 YO house, 2 ft thick uninsulated masonry walls, full daylight basement with walk-in on north side (bummer), massive concrete foundation with basement stairs, ...

Hello, I am new to the forum. Lurking for a while now. I joined to ask if, in a through-the-wall installation, should I run my stove pipe up as high as possible before going through ...

A house that is so dry that its occupants want to humidify is a house that leaks far too much outside air. That dry air is flushing out the humidity produced by human activity inside.

We are looking at buying a house that has a stone fireplace in the living room and a place in the basement to connect a woodstove, the house is 1456 sq ft on one floor and the ...
