How much does a solar panel cost in Delhi?

Without subsidies, the solar panel price in Delhi varies depending on the capacity, quality, and brand of the panels. Typically, the price of a solar panel system ranges between INR75,000 to INR85,000 per kilowatt(kW), excluding installation charges.

How to save money on solar panels in Delhi?

With both subsidies combined, you can save up to 40% on total solar cost. For instance, a 3 kW system priced at INR1,22,979 can drop to around INR73,787 after subsidies. When factoring in the subsidy, the solar panel price in Delhi with subsidy becomes much more affordable.

How a solar panel subsidy works in Delhi?

When factoring in the subsidy, the solar panel price in Delhi with subsidy becomes much more affordable. In addition to these subsidies, homeowners can take advantage of net metering, a system where surplus energy produced by the solar panels can be sent back to the grid, further reducing energy bills.

How to install a solar system in Delhi?

To install a solar system in Delhi, follow these steps: Site Assessment: A technician from a registered installer will visit your property to assess roof space, shading, and optimal placement of the panels. Quotation & Design: Based on the assessment, you will receive a detailed proposal, including cost and system design.
