-----

High voltage power modules with integrated gate drivers for consumer, industrial and automotive applications. Offering a large range of 3 Phase inverter modules covering power levels from 50 ...

These modules are designed to drive motors from a few watts up to 7 kilowatts in applications such as home appliances, air conditioning ...

This handy NPower Modified Sine Wave Integrated 1,000 Watt Inverter/10 Amp Charger dual 12V system is a powerful inverter and a battery charger in one.

Achieve higher power density and reduce overall solution size with modules that integrate the FETs, controller, inductor and passives in a single package that uses 3D ...

Get a dependable, clean electrical supply on or off the grid with the 12-volt pure sine wave inverters and accessories available online from AIMS Power.

These modules are designed to drive motors from a few watts up to 7 kilowatts in applications such as home appliances, air conditioning inverters, and industrial motor drives.

SG3525 LM358 Inverter Driver Board is a specialized control module designed to create pure sine wave or modified sine wave power inverters, converting low-voltage DC (12V or 24V) into high ...
