Is Kuwait negotiating a major battery storage project?

Our Standards: The Thomson Reuters Trust Principles. Kuwait is negotiating a major battery storage project with a discharge capacity of up to 1.5 gigawatts and total energy storage of between 4 and 6 gigawatt-hours, in a bid to ease chronic power shortages, a senior electricity ministry official said on Monday.

What does the battery storage initiative mean for Kuwait?

The battery storage initiative is part of a broader push to stabilise Kuwait's grid and reduce reliance on fossil fuels during peak demand periods. If implemented, it would mark one of the largest energy storage deployments in the region.

Who is Kuwait Energy Company?

Kuwait Energy Company prides itself as an Oil & Gas company with extensive knowledge of the Middle East region with outstanding relations with host governments, national oil companies and international companies that operate in the Middle East.
