Transform shipping containers into battery energy storage systems (BESS). These containers can house batteries for storing excess energy generated from renewable sources such as solar or ...

Highjoule's mobile solar containers provide portable, on-demand renewable energy with foldable photovoltaic systems (20KW-200KW) in compact 8ft-40ft units.

We are dedicated to developing and delivering affordable clean energy to every corner of the world, offering our customers worldwide the possibility of energy independence. Our solar ...

Paired with modular fast-charging units, the system allows for intelligent energy replenishment tailored to actual usage needs, enabling flexibility across EV fleets, microgrids, ...

Our award-winning solar hybrid inverters are simple to install, easy to manage your energy needs, and seamless power back-up. Sol-Ark™; helps homeowners build a safer, more resilient, and ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ...
