What is a 40 ft shipping container?

A 40ft shipping container offers much more space than a 10ft or 20ft shipping container and can be used for many different applications. Made from Corten steel, its sturdy structure is designed to be durable with superior rust-proof qualities and to withstand the harshest weather conditions.

What is the difference between open top and collapsible containers?

You will find collapsible containers and non-collapsible containers with or without walls. Open top containers have an open top covered by a tarpaulin instead of a solid roof. Enables oversized cargo such as timber and scrap metal to be loaded from the top.
