---

With four distinct R& D centers and multiple "intelligent" production facilities, Hithium's innovations include groundbreaking safety improvements to its lithium-ion batteries ...

Discover how BESS powers Saudi Arabia's giga-projects, from NEOM to Riyadh, ensuring sustainable energy for Vision 2030.

The joint venture also plan to establish BESS (Battery Energy Storage System) manufacturing facilities in Saudi Arabia, targeting an ...

The joint venture also plan to establish BESS (Battery Energy Storage System) manufacturing facilities in Saudi Arabia, targeting an annual production capacity of 5GWh.

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

With four distinct R& D centers and multiple "intelligent" production facilities, Hithium's innovations include groundbreaking safety ...

Each site, located in Tabuk and Hail provinces, will feature a 500 MW, four-hour system, with each project offering 2.45 GWh of storage. To ensure consistent performance, ...

Explore the new solar project in Riyadh, a 2-MW installation promoting renewable energy and sustainability in Saudi Arabia.
