Mobil-Grid™ 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant

You can use PV containers with solar generators or batteries for even better power. You can use them for lights, cooling, and running machines in tents or outside.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

The solar power container stands at the intersection of portability, sustainability, and technological innovation. It offers a smart, reliable, and eco-friendly alternative to ...
