When did Globeleq & Mozambique launch a solar power plant?

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility-scale energy storage system.

Who built Mozambique's first large-scale solar power plant?

Capital and expertise from Scatec Solar, KLP and Norfund enabled the construction of Mozambique's first large-scale solar power plant. Central Solar de Mocuba (CESOM) provides over 79 GWh of electricity annually, which is equivalent to the electricity consumption of more than 170,000 households in Mozambique.

Where is Mozambique's power plant located?

The plant was built in the Zambezia Province in north-central Mozambique. Mozambique is one of the poorest countries in the world and access to electricity is extremely limited. In rural areas only 6 percent of the population has an electricity supply. National demand for electricity is growing significantly due to industrial and commercial growth.

How many solar panels does Mozambique have?

The solar farm sits on 138 hectares (340 acres) of land. The power station has a maximum generation capacity of 41 megawatts. It comprises 121,500 solar panels. Its output is sold directly to the Electricidade de Mozambique (EDM), for integration into the national grid, under a 25-year power purchase agreement.

The solar plant will occupy 142 hectares, located near R802 between Sábiè and Massingir, about 6.5 kilometers from the Corumana Dam. In 2023, Mozambique had plans for ...

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and ...

The US\$36 million project located in the Cuamba district, Niassa province (about 550 km west of the coastal town of Nacala) now supplies electricity through a 25-year power purchase ...

Development, BOOT (Build, Own, Operate, Transfer) a 100MW grid-tied solar power plant at Chimuara in Zambezia Province, Mozambique. All ...

To access additional data, including an interactive map of global solar farms, a downloadable dataset, and
