The 101MW/205MWh energy storage station project constructed by CHN Energy I& C for the Guoneng Penglai Power Generation Co., Ltd. was successfully connected to the ...

On May 15, 2025, the National Energy Group's largest electrochemical energy storage station, the Hainan Tara project, with a capacity of 255 megawatts and 4 hours of storage, successfully ...

On November 7, 2024, the Kezhou 300MW/1200MWh grid-connected independent energy storage project invested and constructed by Kezhou Bohong Energy Storage Technology Co., ...

The Wuhai Energy Storage Power Station is the first large-scale energy storage project in Inner Mongolia Autonomous Region to adopt semi-solid-state lithium iron phosphate ...

On May 15, the Hainan Talatan 255 MW × 4h energy storage project, developed by China Energy Investment Corporation Co., Ltd. (CHN Energy)'s Qinghai Gonghe Company, ...

On September 18, the largest user-side energy storage power station in Jiangsu Province -- a 240 MWh user-side energy storage project at Jiangsu Jingjiang Special Steel ...

On September 30, the 49.8MW/99.6MWh grid-side energy storage power station of Suqian Zhonghe East Line New Energy in Jiangsu was officially connected to the grid.

An independent energy storage project in Nagchu, Xizang autonomous region, was successfully connected to the State Grid and began transmitting power on Monday.
