20ft 2MWh Outdoor Liquid-Cooled Li-ion Battery Container: Advanced thermal management, weatherproof design. Ideal for renewables, grid support, and peak shaving. Maximize safety & ...

It features a high-quality container enclosure pre-installed with a battery rack, allowing clients to integrate their own battery packs, cooling systems, fire suppression systems, and other ...

Housed in an IP54 container, it features modular racks, perfluoroketone fire suppression, intelligent EMS via 4G/OCPP, and both AC/DC charging interfaces--ideal for grid support, ...

Elephant Power's Container Energy Storage System offers up to 5 MWh of scalable, weather-resistant energy storage. Ideal for industrial and commercial use, it supports wind and solar ...

By using advanced solar panels and innovative battery storage solutions, these containers provide a reliable energy source that reduces reliance on conventional power grids, ...

Explore our modular containerized energy storage system with integrated power conversion. A flexible, mobile solution for rail depots, testing, and industrial backup.

The Masinloc BESS is the first battery energy storage facility in the Philippines and one of the first in Southeast Asia. Our acquisition of Masinloc BESS is a landmark milestone that drives the ...

The full range of TITAN's NEW 10", 20" and 40" ArcticStore range of sophisticated, low power consumption and extremely user friendly portable refrigerated cold storage containers are ...
