Sol-Ark 60K-3P-480V-N is a 60,000 watt (60kW) three-phase 480Vac ...

Sol-Ark's 60K-3P-480V-N commercial hybrid inverter is engineered for large commercial businesses, supports both AC and DC coupling, and seamless backup power. Learn more.

With 60,000W of power output and 3-phase 480V support, this inverter provides efficient energy management, robust backup capabilities, and seamless integration for demanding on-grid, off ...

With Sol-Ark's remote access features and app you are never out of touch to quickly repair or adjust any system without being on site. Supports simultaneous DC and AC coupling. Boosts ...

With 60,000W of power output and 3-phase 480V support, this inverter provides efficient energy management, robust backup capabilities, and ...

See Installation Guide for more details on sizing array strings. The highest input voltage is based on the open-circuit voltage of the array at the minimum design temperature. Active BMS ...

Sol-Ark SA-60K-3P-480V-N Pre-wired Hybrid Inverter System is a all-in-one system that includes an inverter, charger controller, a display with remote ...

Operating at 277V/480V Three Phase, this inverter was designed specifically to meet the needs of commercial and industrial projects. The built-in WiFi and LAN communication capabilities allow ...
