-----  
Where can I find information about a hydrogen fueling station?

Existing and planned hydrogen fueling stations in the U.S. are available to view on a map or download as a spreadsheet from the Alternative Fuels Data Center. The site includes information regarding location, accessibility, hours of operation, and payment method.

How do I find a number of hydrogen stations?

Roll over a state on the map for count of hydrogen stations. To map hydrogen stations near a specific address or city, use the Alternative Fueling Station Locator. For station counts and historical information, see Station Counts by State. Find maps and charts showing transportation data and trends related to alternative fuels and vehicles.

Can a non-retail station qualify for a hydrogen corridor?

Hydrogen - only retail stations (Non-retail stations may qualify for corridors if the stations are compliant with SAE J2601 standards and meet all of the criteria for a hydrogen corridor.) The CSV, GeoJSON, KML, and shapefile downloads are current stations from the Alternative Fueling Station Locator.

Where can I download a shapefile for alternative fuel stations?

The CSV, GeoJSON, KML, and shapefile downloads are current stations from the Alternative Fueling Station Locator. You can download the shapefiles for designated alternative fuel corridors from FHWA. For related information on corridors, see the National Electric Vehicle Infrastructure (NEVI) Formula Program.
